Private Event for WHOLE HOUSE

The price for renting our whole home with the exception of our Master Suite is **\$100-120 per night** depending upon number of guest beds used. In this case, you would do all your own cooking and dishes. In most cases, Bill and Lori would sleep in the Barn Loft and be available for making campfires, hayrides, and to answer your questions. Your only responsibility for clean up is to straighten the bedding and lock the door when you leave! I will strip the beds at my leisure.

When the house goes on Airbnb.com, you will see higher prices there. All of these prices listed here are for booking directly through Lori Younker at lorilyounker@gmail.com or by phone 573-915-7786—just text to get a conversation going about the possibility of your visit in terms of scheduling and details.
